

Transportation Plan B

All students transported by the Licking Heights school district have a designated drop-off location. Our transportation policy is that the bus driver must see a parent or other designated adult in order to release Kindergarten students from the bus. Students in grades 1-4 are expected to know where to go after they are dropped off (either into their own house, a babysitter's house, etc.)

Sometimes life happens and an adult is not at the stop for a kindergartner, or an older student is unable to enter their house. The goal of "Plan B" is to ensure all students know what to do in these events. "Plan B" could include:

- Kindergartner is permitted to leave the bus with their older sibling
- Students who can't get into their house go to a trusted neighbor
- Students use the garage code to enter the house if they've forgotten their key
- Kindergartner is permitted to leave the bus without an adult visible

Having a Plan B on file helps the Transportation department ensure our routes remain on time and students are dropped off safely. We appreciate your time in completing this form and look forward to a successful school year!

Student Name: _____

School: South West North Preschool Grade Pre K 1 2 3 4

Parent Name: _____ Parent Phone: _____

Plan B

Please check all that apply. You may also add your own by checking "other" and completing the plan for your child. NOTE, WE MUST SEE A PARENT OR AUTHORIZED ADULT FOR ALL PRE-SCHOOL STUDENTS.

- Kindergarten student may exit the bus with older sibling who rides the same bus
- Kindergarten student may exit the bus without an adult visible to the bus driver
- Student may enter the house using the garage code
- Student may go to a neighbor's house if they are unable to enter the house
- Other: _____
